

Minnehaha County Jail 2021 Annual Prison Rape Elimination Act Report

In September of 2003, President Bush signed the Prison Rape Elimination Act. In August 2012, the PREA standards promulgated by the United States Department of Justice went into effect. Since then, staff throughout the Sheriff's Office has taken action to prevent, detect, reduce and respond to sexual abuse and sexual harassment in confinement facilities, including community confinement facilities and privately operated facilities that hold contracts with Minnehaha County. The Minnehaha County Jail is pleased to publish its 2015 Annual Report. This report reflects a tremendous amount of change in 2015 as the Minnehaha County Jail continued to move forward in complying with the national standards promulgated under the Prison Rape Elimination Act (PREA). The Minnehaha County Jail is committed to keeping those in our custody safe and free from harm and has zero tolerance for sexual assault and harassment of offenders under the jurisdiction of the department.

Staffing

Protecting inmates from sexual assault and harassment and compliance with PREA standards is a top priority and all staff. The Warden has assigned a senior staff person the responsibility for overseeing the agency's PREA activities. PREA Coordinators have been appointed to lead the efforts in achieving compliance with PREA standards. One PREA Compliance Manager has also been appointed to drive compliance within the facility.

In 2014, these staff, and others, worked to develop new and revise existing policies and facility operational memorandums to support compliance with PREA standards and protect inmates from sexual assault and harassment.

Training

Staff participated in continuous PREA policy training throughout 2021.
