

Minnehaha County Sheriff's Office

Travel in rural areas of Minnehaha County is currently close to impossible. County plow crews and tow trucks are currently limited or not able to continue operating due to impassable roads and zero visibility.

Response times for first responders are being impacted by the weather. If you become stranded you will be in a life-threatening situation. Prepare yourself to be with your car for extended periods of time. The Deputies will continue to respond to emergencies but any other traffic on the roads negatively impacts their ability to do so.

Do not attempt travel in Minnehaha County until conditions improve.

Mike Milstead
Minnehaha County Sheriff
